 - Chrome, Polished Brass, Gold, Polished Nickel, Satin Nickel, Oil Rubbed Bronze or Color Matched (Bone, White and Biscuit Only)
- Waterproof Remote Control with infrared sensor and 25' cord
- Remote Blower Wiring Kit
- Factory Installed Tile Flange
- Premium Colors

All acrylic colors featured by Aquatic match the industry's leading fixture manufacturers.

Fax-On-Demand Document # 1202

Each Serenity Air Bath model is equipped with a 600 watt air heating system to raise the temperature of the air going into the bath. This air temperature will be less than the bathing temperature of the water, but will help to reduce a rapid decrease in water temperature. In addition, the air coming from the air jets will feel cool against the skin, just as a breeze on a warm day cools your body. This system does not heat the water.

The manufacturer accepts a 1/4" variance. There are variations on each tub and specifications are subject to change as we improve upon our product as required. The dimensions needed for site preparation and structure building should be measured from the tub; Aquatic Industries, Inc. assumes no responsibility for preparatory work. www.aquaticwhirlpools.com 800.555.5324
